

The Mt Bachelor Nordic Center is seeking a full time Groomer Operator to assist in trails maintenance for our nationally recognized, full-service Nordic Ski Center and 56km trail network.

Scope:

Under the direction of the Nordic Grooming Supervisor, the Nordic Groomer Operator operates heavy equipment at night, in variable weather and snow conditions, and makes grooming decisions based on scheduled tasks and real-world conditions and circumstances, to provide good, safe skiing; consistent snow surfaces; snowpack longevity; and a well-functioning Sno-Cat.

Preferred Experience:

The ideal candidate will have proficiency in Nordic track skiing, an understanding of snow science and some experience operating heavy equipment. Ability to work independently on the graveyard shift (12:00 am to 10:00 am) is required.

Essential Functions:

Proficiency in Sno-Cat operation, using the blade and tiller to flatten and level trails to compact snow for consistent surface.

Using full knowledge of trail network, weather and snow conditions, grooming patterns, and classic track setting patterns, to make nightly grooming decisions.

Operating in a safe manner to consistently avoid damage to self, co-workers, guests, and equipment.

Daily mechanical overview of equipment, understanding of shop procedures and daily logs. Performing light mechanical work as needed or effectively communicating with mechanics when service is needed. Assisting mechanics with repairs.

Cutting trees and limbs that obstruct trails or trail maintenance.

Communicating daily grooming conditions and trail report.

Time Commitment:

Position is full time (4 x 10 hours - 40 hours per week) from November 21 through May 28.

Benefits

Compensation is DOE. A full resort season pass and daily van transportation to and from the resort is provided. Retail and Food and discounts, sponsor perks and additional access privileges are also available.

Application Procedure
